1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claim 15, line 3, change "cans" to --containers--.

In claim 17, line 3, after "top" insert --and define a main cooling compartment--.

The above changes are being made to provide clear and proper antecedent basis for terms in the claims.

2. The following is an examiner's statement of reasons for allowance: the claims are allowable because the prior art of record fails to disclose or teach the recited cooler where the beverage containers are chilled by direct contact with ice and ice water, and having a vertically oriented chute and a stationary chute ramp member to direct the lowermost beverage container horizontally through the opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William E. Tapolcai whose telephone number is (571) 272-4814. The examiner can normally be reached on Mon. - Thurs., 6:30 to 5.
